

**Lancaster Italian Cultural Society Presents**  
*Adams County Wine-Around Tour*  
Wednesday, August 21, 2019

Today, we enjoy a delightful day touring through the **Adams County** area, visiting wineries and orchards along the way.

Our first stop will be at the **Hauser Winery**. An underground winery production facility sits beneath a 360-degree' glass enclosed tasting room that overlooks miles of farmland, orchards and forests. While here, the group will sample 4 different wines.

Our next stop will be at the **Historic Round Barn**. Built in 1914 it is one of only a handful of truly round barns surviving today. Set in a scene of picturesque Pennsylvania foothills, you'll love its beautiful architecture against the rolling, orchard-covered hills. The group will be greeted and given an introduction and brief talk about the history of the barn.

This afternoon, we make our way to the **Hickory Bridge Farm** for a family-style lunch. Since 1977, Hickory Bridge Farm offers a comfortable, unique upscale family-style dining experience.

Following lunch, we visit the **Adams County Winery**; one of the oldest Wineries in PA. Here the group will enjoy a tour and tasting.

We wrap up our day at the **Hollabaugh Farm** for an Apple Dumpling demo and a wagon ride through the orchard. Each person will get an apple dumpling to take home.

**Price per Person: \$92**
